

DEPARTMENT OF
Management & Budget

Jennifer M. Granholm, Governor
Lisa Webb Sharpe, Director

State of Michigan

“Green” Initiative

Tony Des Chenes, Director
Commodities Division
Purchasing Operations
Department of Management and Budget

Driving Forces

- Midwest Governors Association Publication: Energy Security and Climate Stewardship Platform for the Midwest 2007:
 - Midwestern Bioproduct Procurement Program
- Executive Directive 2007-22: Enhance Energy Efficiency and Conservation by State Departments and Agencies
 - **Materials Management Plan**: DMB with DEQ shall develop and implement a state materials management plan to promote, whenever feasible, environmentally sound purchasing, use, reuse, and recycling of materials by state departments and agencies.

On Our Way

- May 2008- Michigan volunteers to take the lead on environmentally preferred janitorial supplies on behalf of the Midwest States in the National Association of State Procurement Officials (NASPO)
- Surveyed the Midwest States for interest.

Request for Information

- November 2008: Release a Request for Information (RFI)
- State receives ten responses to the RFI
 - Variety of Responses
 - Consistency

Request for Proposal

- Seek input from other States and State Agencies
- Setting Standards
 - Ups and Downs
 - Training
 - What is? Defining the product
- Release of Final RFP

Where Are We Going

- Continue to incorporate “green” or “environmentally preferred” purchasing into bids. Wind Turbines
 - Wind Turbines/Alternative Energy
 - Hybrid Buses
 - Carpet and Floor covering
- Work with NASPO and other groups to push for “green” or “environmentally preferred” products
