**Dust Mop Treatment**

**BEAN•e•doo® Dust Mop Treatment**

.....At Franmar we find ways to make jobs easier using environmentally friendly products that make economic sense. Our BEAN•e•doo® Dust Mop Treatment meets those rigorous standards, and we know it will meet your standards, too. Think of it, dust free floors to be proud of, using an environmentally safe process, all because the dust mops have been treated with a product made from 100% American grown soybeans. The slow evaporation rate of BEAN•e•doo® Dust Mop Treatment means more cleaning power between applications. The mop heads can be safely washed without any fear of putting harmful products into the water system.

### Section 1

Product Name:  
Chemicals:

SARA Hazard:

### Section 2

### Section 3

Boiling Point:  
Vapor Pressure:  
Specific Gravity:  
Solubility in Water:  
Appearance and Color:  
Melting Point:  
Evaporation Rate:

### Section 4

Flash Point & Method Used:  
Flammable Limits:  
Extinguishing Media:  
Special Fire Fighting Procedures:  
Unusual Fire & Explosion Hazards:

### Section 5

Stability:  
Conditions to Avoid (Materials to Avoid):  
Hazardous decomposition or by products:  
Hazardous polymerization:

### Section 6

Routes of Entry:  
Health Hazards:  
Carcinogenicity:  
Eye Contact:  
Medical conditions generally aggravated  
by exposure:

In case of eye contact:

For skin contact:

### Section 7

Steps to be taken in case produce is spilled:

Waste Disposal Method:  
Precautions in handling & storing:

### Section 8

Respiratory Protection:  
Protective Gloves:  
Eye Protection:  
Other protective clothing or equipment:  
Work/Hygienic Practices:

### Identification

BEAN•E•DOO® DUST MOP TREATMENT  
Fatty acids C16-18 and C18 unsaturated, Methyl Esters CAS # 67762-38-3, and less than 3% total nonionic surfactants, CAS numbers 9016-45-9, 7311-27-5  
None noted (Section 311/312) Title III Section 313-Not listed.  
All ingredients are TSCA listed.

### Hazardous Ingredients

Contains no hazardous ingredients

### Physical Data

> 300° F  
< 2  
< 1  
Emulsifiable  
Clear, low viscosity liquid, mild odor.  
Not Established  
Less than 1 (n-butyl acetate=1)

### Fire & Explosion Hazard Data

Above 200°f (PMcc)  
Not established  
Dry Chemical, carbon dioxide, water spray, foam.  
Use water spray to cool containers.  
None known.

### Reactivity Data

Stable  
Strong oxidizing agents.  
Carbon monoxide and carbon dioxide on combustion  
Will not occur

### Health Hazard Data

Eyes  
May cause eye irritation.  
Not listed by NTP, IARC, OSHA  
May cause eye irritation  
  
None known

### Emergency and first aid procedures

Immediately flush eyes with running water for at least 15 minutes. If symptoms persist obtain medical aid.  
Wash with soap and water. Remove contaminated clothing and wash before reuse.

### Precautions for safe handling & use

Wear protective clothing. Contain the spill. Return to suitable container. Hold for disposal  
Dispose of in accordance with all existing local, state, and federal ordinances.  
Normal care in handling and storage, Keep from freezing. Keep out of reach of children.

### Control measures

None required for normal usage  
Not required.  
Safety glasses.  
As required  
Avoid eye contact.

**Certified  
pH Level**  
6.65  
pH of 1/10 wt/wt solution  
in soft water
